

The Shademaker™ Campervan and Motorhome Awning is well recognised in the Motorhome industry in NZ. Continually improved and enhanced over many years, the Shademaker Motorhome & Caravan Awning has been specifically designed by us to be strong, wind resistant, and to also look great on your vehicle.

ACCESSORIES

Accessories can be purchased anytime to enhance your Motorhome Awning. Because everything is made in-house this gives us the flexibility to offer you customised accessories unique to your vehicle.

End wall wind breaks made of mesh are available for either end of your awning and can be exchanged from end to end. They can be fitted in just minutes.

Front walls are available for wind and sun protection and are fitted into the Shademaker™ awning track.
